Subscription aur Renewal

ZEVRO · Aapke clinic ka plan · bache din, grace, lock aur renew · 16 October 2026

Ek line mein: aapka clinic ek plan par chalta hai jiski ek **expiry date** hoti hai. Expiry ke baad kuch din ka **grace period** milta hai. Grace bhi khatam ho jaaye to workspace **lock** ho jaata hai. Data kabhi delete nahi hota: **renew karte hi sab wapas khul jaata hai**.

1. Apna plan kahan dekhein
2. Bache hue din kaise gine jaate hain
3. Expiry, grace aur lock
4. Renew aur upgrade kaise karein
5. Limits aur monthly allowance
6. Add-ons kharidna
7. Invoice aur payment
8. Kisko kya dikhta hai
9. Dikkat aaye to

1. Apna plan kahan dekhein

Owner (aur billing contact) ko **Dashboard** par sabse upar subscription ka card dikhta hai: plan ka naam, status, kitne din bache hain, expiry date, agla renewal, aur **Renew now** button.

Poori jaankari sidebar mein **Organisation › Subscription** par milti hai: capacity, is mahine ka usage, modules, add-ons, invoices aur usage history.

2. Bache hue din kaise gine jaate hain

Din **calendar ke hisaab se**, aapke clinic ke timezone (India mein IST) mein gine jaate hain. Subscription expiry date ki **raat 11:59** tak chalta hai.

Card par likha hai	Matlab
7 days left	Aaj ke baad 7 poore din aur bache hain.
1 day left	Kal raat 11:59 tak chalega.
0 days left / ends today	Aaj raat 11:59 par term khatam ho jaayega.

Expiry ke kuch din pehle (aam taur par 7, 3 aur 1 din) owner ko email aata hai, aur har page ke upar ek peeli patti dikhti hai.

3. Expiry, grace aur lock

Haalat	Kya hota hai	Aapko kya karna hai
Active	Sab kuch normal chalta hai.	Kuch nahi.
Expiring soon	Sab chalta hai; card aur har page par chetavni.	Renew kar dein.
Grace period	Term khatam ho gaya, par kuch din aur kaam chalta rehta hai. (Platform ne grace ko **read-only** rakha ho to sirf dekh sakte hain, naya kuch save nahi hota.)	Jaldi renew karein. Grace ke din card par dikhte hain.
Locked / Expired	Workspace band. Login ke baad "Subscription expired" page dikhta hai. Appointment, bill, patient, sab ruk jaata hai. **Data delete nahi hota.**	Owner renew kare. Payment hote hi sab turant khul jaata hai.
Suspended	Platform ne billing ki wajah se (jaise cheque bounce) account rok diya.	Hum se sampark karein. Sirf payment karne se ye nahi khulta.

Lock ka faisla server har request par expiry date dekhkar karta hai. Isliye app ke kisi button se, ya seedhe API URL se bhi, locked workspace mein kaam nahi ho sakta.

Lock rehte hue bhi ye khula rehta hai: sign out, apni profile, Guide, aur Subscription page (taaki renew kar sakein). Patients ki app mein patient apne purane prescriptions aur reports dekh sakte hain, par naya booking ya message nahi kar sakte.

4. Renew aur upgrade kaise karein

1. **Subscription** page par **Renew** dabayein.
2. Plan aur billing (Monthly / Annual) chunein. Wahi plan pehle se chuna hota hai.
3. **Continue to payment**: invoice banta hai (GST ke saath) aur Razorpay ka payment window khulta hai.
4. Payment hote hi subscription renew ho jaata hai, aur lock tha to turant khul jaata hai.

Jaldi renew kiya? Koi din bekar nahi jaata: naya term purane term ke khatam hone ke baad se shuru hota hai.

Upgrade (bada plan) turant lagta hai, aur bache hue dinon ka sirf farak dena hota hai. **Chhota plan** agle renewal se lagta hai: renew karte waqt chunein, ya hum se kahein.

Price badla? Chalte term mein aapka tay daam nahi badalta. Naya daam agle renewal se lagta hai, aur renewal invoice expiry se pehle hi bhej diya jaata hai.

> Online payment set na ho to invoice ban jaata hai aur bank transfer ki jaankari dikhti hai. Hum payment record karte hi subscription renew kar dete hain.

5. Limits aur monthly allowance

Cheez	Kaise gini jaati hai
Branches	Active branches. Band (inactive) ya delete ki hui branch nahi gini jaati.
Doctors	Har doctor **ek baar**, chahe woh kitni bhi branches mein baithte hon. Inactive doctor nahi gina jaata.
Employees	Active staff logins. Owner, patients ke logins aur doctor ka apna login nahi gina jaata.
WhatsApp / Email / Video minutes	Har **calendar month** ka allowance. Mahina badalte hi naya allowance.

Limit poori ho jaaye to naya add karne par saaf message aata hai ("Your plan allows 10 doctors..."). Purana record nahi hatta. Kisi ko inactive karke jagah khali kar sakte hain, ya add-on khareed sakte hain.

WhatsApp/email ka allowance khatam ho jaaye to message nahi jaata, aur Communication log mein "failed" ke saath wajah likhi hoti hai. Kuch plans mein allowance ke baad bhi message jaate hain aur agle invoice mein chhota charge lagta hai. Video call mein minute jawab dene se phone rakhne tak gine jaate hain (poore minute mein, upar ki taraf).

Same message ke retry ya do baar aaye delivery update par do baar charge nahi lagta. Jo message fail ho jaaye, uska charge wapas ho jaata hai.

6. Add-ons kharidna

Subscription › Buy add-ons: extra branch, doctor ya staff ki jagah, WhatsApp/email ke credit packs, ya koi module (jaise Laboratory). Quantity chunte hi poora daam (GST ke saath) dikhta hai. Recurring add-on is term ke bache dinon ke hisaab se lagta hai aur phir plan ke saath renew hota hai. Credit pack sirf is mahine ke liye hota hai.

7. Invoice aur payment

Har renewal, upgrade, add-on aur allowance ke upar ke usage ka invoice **Subscription › Invoices & payments** mein milta hai. Jo invoice abhi baaki ho, uske aage **Pay** button hota hai.

Payment tabhi maana jaata hai jab server Razorpay se khud confirm kar le. Browser band ho gaya ho tab bhi Razorpay ki khabar (webhook) se payment record ho jaata hai.

8. Kisko kya dikhta hai

Kaun	Kya
Owner	Dashboard ka card, Subscription page, renew/upgrade/add-ons.
Billing contact	Jis role mein **"View and renew the subscription, and buy add-ons"** ho. Owner ise role mein de sakta hai.
Baaki staff	Sirf chetavni ki patti, aur lock hone par "owner se renew karwayein" ka message.

9. Dikkat aaye to

Dikkat	Kya karein
Payment ho gaya par abhi bhi locked	1-2 minute ruk kar page refresh karein. Phir bhi locked ho to invoice number ke saath hum se sampark karein.
"Suspended" likha hai	Ye billing hold hai. Hum se sampark karein; sirf renew karne se nahi khulega.
Doctor/staff add nahi ho raha ("plan allows")	Limit poori hai. Kisi ko inactive karein, ya add-on/upgrade lein.
WhatsApp message "failed: used up"	Is mahine ka allowance khatam. Credit pack lein, ya agle mahine naya allowance milega.
Renew button nahi dikh raha	Aap owner ya billing contact nahi hain. Owner se kahein.
